

ALCO SMART™ ANALYZER

Device Dimensions:
13.0" x 19.0" x 7.5"

The AlcoSmart Analyzer is a commercial breathalyzer for use in retail/commercial locations such as restaurants and bars. The AlcoSmart features a wall-mount design, voice prompt (English) and LED instructions, as well as an international coin acceptor. In order to avoid the cost and inconvenience of shipment for re-calibration service, the AlcoSmart features Pre-Calibrated Replaceable Sensor Modules. *Bill Acceptor now available!*

Features

- Coin-Operated "Vending Machine" Design
- Clear Voice Prompts / Instructions (English)
- Visual LED Indicators / Instructions
- Precalibrated Replaceable Sensor Modules
- 3-Digit (0.00%) LED Display
- Active Pressure Sensor
- Cumulative Test Counter
- Easy-to-Use Straw Mouthpieces

Replaceable Sensor Module Technology

No Calibration Service Ever Required!

Traditional Breath Testers require calibration service through physical mailback and processing or via onsite technician. Precalibrated Replaceable Sensor Modules allow you to quickly and easily swap the module yourself and get right back to full operation.

Target Users

- Trusted for Use By
- Bar / Restaurant Owners
 - Vending Service Operators
 - Commercial Worksites
 - Leisure / Entertainment Facilities
